February 2014

When you breath in Air, blood cells receive oxygen and release carbon dioxide (CO₂). CO₂ is a waste product that is carried back through your body and exhaled. When there is less Oxygen in the Room you may sense that your breathing is not as productive as it should be and you feel a little short of breath. You immediately experience:

These symptoms can be quite frightening and lead to troubling emotional symptoms, including increased anxiety, panic and fear

- Dizziness
- Numbness
- Headache
- Panic disorder
- Feeling Faint
- Sensation of Chocking
- Rapid heartbeat
- Chest Pain

What about Breathing Easier with

O₂ LOGIC®

1.1 O₂ LOGIC®

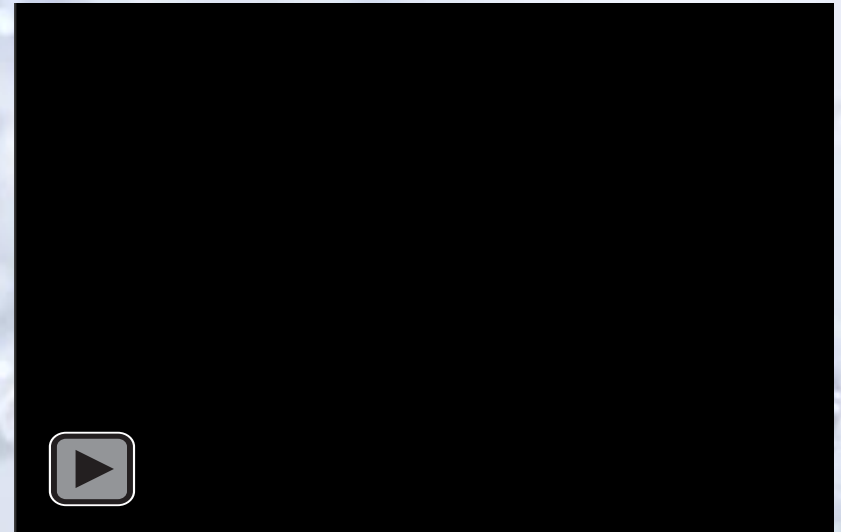

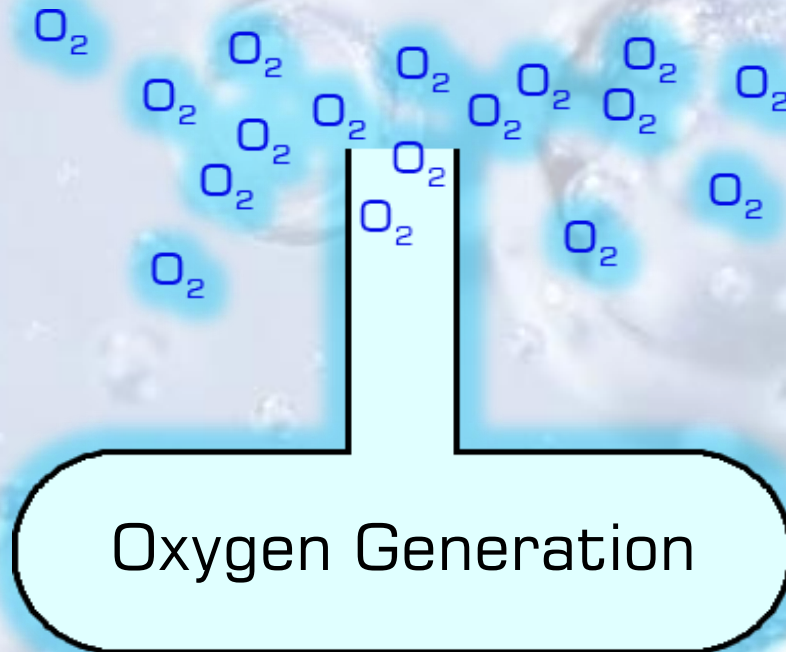

Oxygen generation using O₂ LOGIC

with

KATALYST-LIGHT

See more on our website [\[click here\]](#)

Watch the Video: Click on this box

O₂ LOGIC® is the most efficient source of oxygen. The amount of 30% of H₂O₂ in the granules of O₂ LOGIC® corresponds to a significant amount of released oxygen.

1.2 O₂ LOGIC®

Oxygen generation using **O₂ LOGIC**
with

Logic

KATALYST-LIGHT

❖ 10 grams (a table spoon) = produces 1.2 liters of **Oxygen Gas**

Actually, more oxygen can be obtained from the **O₂ LOGIC®** in Katalyzed Container (...) than from a pressurized (150 bars) oxygen gas cylinder of the same total weight (steel cylinder weight included). Moreover **O₂ LOGIC®** in Katalyzed containers is without pressure and is absolutely safe.

Packaging and Pricing:

Pouch	Pouches/Box	Days/Room	Price/Box
100 grams	20	100	
100 grams	50	250	
1 kilogram	20	1000	

Example:

For a 3 bed rooms house, 1000 days/3 = almost one year for each room

2.0 O₂ LOGIC® Systems

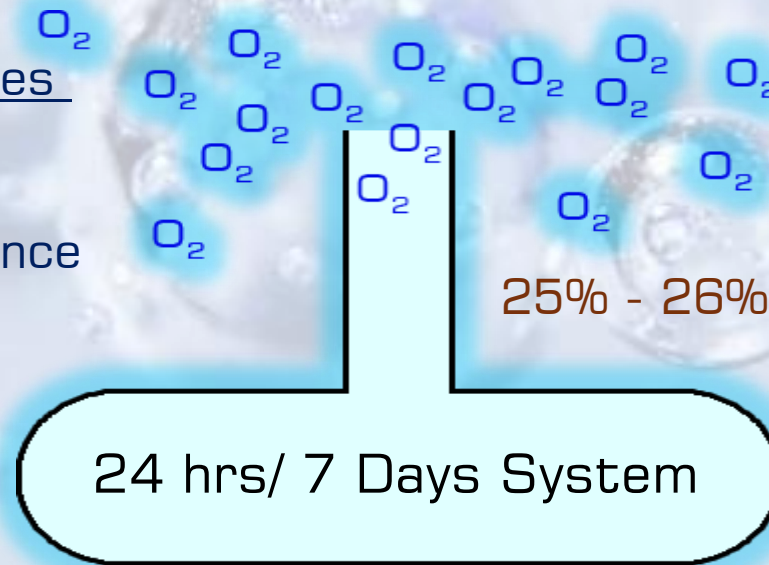

(Improving living and working conditions)

Oxygen (O₂) Enrichment of Room Air to Improve

Well-being, Productivity in each room at ✓ Home

Immediately improves

- ✓ Work efficiency
- ✓ Mental performance
- ✓ Productivity
- ✓ Health
- ✓ Sleeping quality
- ✓ Asthma
- ✓ Mountain sickness

O₂-LOGIC SYSTEM

by
DEEPAK CHOPRA

- ✓ Office
- ✓ Facility
- ✓ Building
- ✓ School
- ✓ University
- ✓ Hotel
- ✓ Hospital
- ✓ Restaurant

THIS UNIQUE INNOVATIVE TECHNOLOGY PROMISES
a real change in your life-style

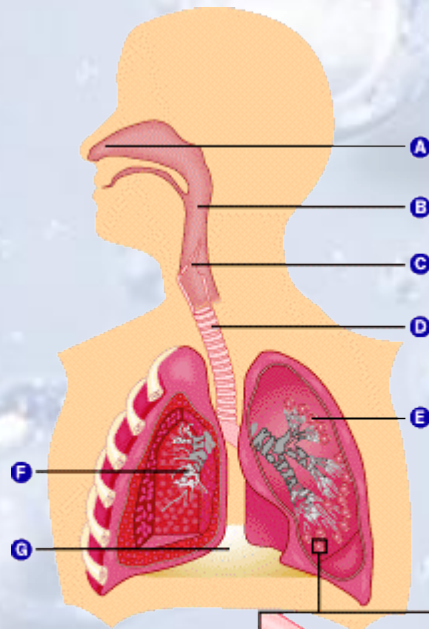

2.1 O₂ LOGIC® Systems

(Long Term Oxygen Treatment)

BIO-LOGICAL RATIONALE

The use of **O₂ LOGIC®** to stay Healthy makes sense. The main function of the Lung is the exchange of respiratory gases. **O₂ LOGIC®** is to cure

- A** Nasal cavity
- B** Pharynx
- C** Larynx
- D** Trachea
- E** Alveoli
- F** Bronchial tree
- G** Diaphragm

- ✓ Chronic bronchitis
- ✓ Lung diseases
- ✓ Oxygen inhalation therapy
- ✓ Hypoxia
- ✓ Cure all allergies

During rest, During exercise and During sleep and also During work, **O₂ LOGIC®** can relief lungs and can impair the transfer of oxygen (O₂) from the increased oxygen in the room atmosphere to the blood.

2.2 O₂ LOGIC[®] Systems

Conventional Treatment Costs Worldwide

Total Medicare reimbursement for costs related, exceeds \$40 Billion/year and are increasing at an annual rate of 15% to 20% (Published Data). This figure is a reasonable estimate to the cost of Long Term Oxygen Treatment (LTOT) for patients with lung diseases in the world. In a given year, approximately 30 million patients receive LTOT through medical program.

Only **O₂ LOGIC[®]** can lead to substantial cost savings with compromising patient survival or **Well-Being**. There is no other alternative to **O₂ LOGIC[®]** which is beneficial and leading to decrease in costs of **BEST HEALTH CARE**.

3.0 O₂ LOGIC[®] Water

Invention of O₂ LOGIC[®]

The O₂ LOGIC[®] invention is directed to a pure Oxygen source and the Air-cleaning. Therefore using O₂ LOGIC[®] in combination with pure KATALYST-LIGHT presented in a safe-form to realize maximum Oxygen.

The concept of passing O₂ LOGIC[®] through a Katalyst to decompose the O₂ LOGIC[®] to water and oxygen has been combined with the introduction of a cleaning substance “**O₂-LOGIC Water**”. This cleaning substance may be once of a very high quality cleaner, which can be used as a cleaning and disinfecting agent for the whole house without any environmental problems.

Read on “Using cleaning substance”

3.1 O₂ LOGIC[®] Water

O₂ LOGIC[®] Water

As described on the previous section (sec. 3.0) there is no contamination or environmental issues with this product from

O₂-LOGIC Water

You can make your household cleaner and much safer by substituting **O₂-LOGIC Water** for all other dangerous chemicals. Food grade **O₂-LOGIC Water** has only pure grade of additives that is safe for use in destroying organics contamination and it breaks down to the most beneficial disinfection cleaner.

Suggested Usage:

Dilute to the ratio of **1:5**

Mix one liter of **O₂-LOGIC Water**
with five liters of Tap Water

3.2 O₂ LOGIC[®] Water

Potential Uses of diluted O₂ LOGIC[®] Water

- As a produce wash, to keep vegetables and fruits fresh for long
- For washing windows, kitchen and other floors and surfaces
- To brighten laundry and reduce strains
- For cleaning and disinfection of carpets
- Stripping wooden furniture and cleaning wooden decks
- Mold removal
- To clean swimming pools and SPAs as an alternative to other dangerous chemicals

This is just Great for cleaning anything!

Please Note: Only for cleaning and disinfection. **Not for consumption!**
